The Audit Committee

Our board of directors has established a standing audit committee comprised of Messrs. Woody (Chairman), Keogler and Moss. Each member of the audit committee meets the independence, experience, financial literacy and expertise requirements of the NYSE, the Sarbanes-Oxley Act of 2002, the Exchange Act, and applicable rules and regulations of the SEC, all as in effect from time to time as well as the independent director requirements set forth in our Corporate Governance Guidelines. The board of directors has determined that Mr. Woody satisfies the requirements for an “audit committee financial expert” as defined by the rules and regulations of the SEC.

The audit committee operates pursuant to a written charter adopted by our board of directors, a copy of which is available on our website at www.piedmontreit.com. The primary responsibilities of the audit committee, as set forth in the committee’s charter, include the following:

- assisting the board of directors in the oversight of (1) the integrity of our financial statements; (2) our compliance with legal and regulatory requirements; (3) the system of internal controls which our management has established; (4) the qualification, independence and performance of our independent auditors; and (5) the performance of our internal audit function;
- maintaining a free and open means of communication among our independent auditors, our management, our internal audit department and our board of directors;
- reviewing and discussing with management and the independent auditor our annual audited financial statements, and, based upon such discussions, recommending to the board of directors that our audited financial statements be included in our annual report on Form 10-K;
- reviewing and discussing with management and the independent auditor our quarterly financial statements and each of our quarterly reports on Form 10-Q;
- preparing an audit committee report for inclusion in our annual Proxy Statements for our annual stockholder meetings;
- appointing, compensating, overseeing, retaining, discharging and replacing our independent auditor;
- pre-approving all auditing services, and all permitted non-audit services, performed for us by the independent auditor; and
- overseeing our code of business conduct and ethics

Our board of directors, upon the recommendation of the nominating and corporate governance committee, has adopted corporate governance guidelines establishing a common set of expectations to assist the board of directors in performing their responsibilities. The corporate governance policies and guidelines, which meet the requirements of the NYSE's listing standards, address a number of topics, including, among other things, director qualification standards, director responsibilities, the responsibilities and composition of the board committees, director access to management and independent advisers, director compensation, and evaluations of the performance of the board. Our board of directors has also adopted a code of ethics, including a conflicts of interest policy that applies to all of our directors and executive officers including our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions. The Code of Ethics meets the requirements of a "code of ethics" as defined by the rules and regulations of the SEC. A copy of our corporate governance guidelines and our code of ethics is available on our website at www.piedmontreit.com. Any amendments to, or waivers of, the Code of Ethics will be disclosed on our website promptly following the date of such amendment or waivers.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, directors, executive officers and any persons beneficially owning more than 10% of our common stock are required to file reports of ownership and changes in ownership of such stock with the SEC. Based solely on our review of copies of these reports filed with the SEC and written representations furnished to us by our officers and directors, we believe that all of the persons subject to the Section 16(a) reporting requirements filed the required reports on a timely basis with respect to fiscal year 2009.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

Piedmont's Funds From Operations ("FFO") per share before considering the impact of impairment charges decreased from \$1.86 to \$1.75 per share on a fully diluted basis from 2008 to 2009, which equates to a 6.1% decrease. Although FFO decreased, we exceeded the performance of eleven of the twelve companies in our peer group (see definition and discussion of the companies which comprise our peer group below) who had reported year end results as of the time of this filing and exceeded the median FFO growth of our peer group by a material amount. Though recognizing that we performed well relative to our peer group in 2009, our compensation committee placed heavy reliance on the overall deterioration of the commercial office market in general, and, in consultation with our independent compensation consultant, determined that short-term incentive compensation awards for 2009 would be paid at below target levels. During 2009, our compensation committee made restricted stock awards pursuant to our 2008 long-term incentive plan at above target levels based on strong performance against the performance metrics our compensation committee had established for the 2008 plan. Restricted stock awards related to the 2009 long-term incentive plan will not be made until May 2010 when all of the information necessary to calculate actual performance against the performance metrics established by our compensation committee becomes available.

The following Compensation Discussion and Analysis explains our compensation philosophy, objectives, policies and practices with respect to our Chief Executive Officer, Chief Financial Officer and our three other most highly compensated executive officers, whom we refer to collectively as our named executive officers ("NEOs"), as determined in accordance with applicable SEC rules.

Compensation Committee Members, Independence and Responsibilities

Our executive compensation program is administered by the compensation committee of our board of directors. The compensation committee is comprised solely of non-employee directors who meet (i) the independence requirements of the NYSE; (ii) the "non-employee director" requirement for the purposes of Rule 16b-3 under the Securities and Exchange Acts of 1934, as amended; (iii) the "outside director" requirements for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended; and (iv) the "independent director" requirements set forth in our Corporate Governance Guidelines. The members of the compensation committee currently include Donald S. Moss (Chairman), Wesley E. Cantrell, Frank C. McDowell, and Jeffrey L. Swope.

The compensation committee sets the overall compensation strategy and compensation policies for our executive officers and directors. The compensation committee has the authority to determine the form and amount of compensation appropriate to achieve our strategic objectives, including salary, bonus, incentive or performance-based compensation, and equity awards. The compensation committee reviews its compensation strategy annually to confirm that it supports our objectives and stockholders' interests and that executive officers are being rewarded in a manner that is consistent with our strategy.

With respect to the compensation of our Chief Executive Officer, the compensation committee is responsible for:

- reviewing and approving our corporate goals and objectives with respect to the compensation of the Chief Executive Officer;
- evaluating the Chief Executive Officer's performance in light of those goals and objectives; and
- determining the Chief Executive Officer's compensation (including annual base salary level, annual cash bonus, long-term incentive compensation awards, perquisites and any special or supplemental benefits) based on such evaluation.

With respect to the compensation of executive officers other than the Chief Executive Officer, the compensation committee is responsible for:

- reviewing and approving the compensation; and
- reviewing and approving grants and awards under all incentive-based compensation plans and equity-based plans.

If the compensation committee deems it advisable, it can make recommendations to the board of directors with respect to the compensation of executive officers other than the Chief Executive Officer for final approval and if directed by the board, other independent members of the board may assist the compensation committee with the determination of compensation levels.

Compensation Philosophy and Objectives

We seek to maintain a total compensation package that provides fair, reasonable and competitive compensation for our executives while also permitting us the flexibility to differentiate actual pay based on the level of individual and organizational performance. We place significant emphasis on annual and long-term performance-based incentive compensation, including cash and equity-based incentives, which are designed to reward our executives based on the achievement of predetermined company and individual goals.

The objectives of our executive compensation programs are:

- to attract and retain candidates capable of performing at the highest levels of our industry;
- to create and maintain a performance-focused culture, by rewarding outstanding company and individual performance based upon objective predetermined metrics;
- to reflect the qualifications, skills, experience and responsibilities of each named executive officer;
- to link incentive compensation levels with the creation of stockholder value;
- to align the interests of our executives and stockholders by creating opportunities and incentives for executives to increase their equity ownership in us; and
- to motivate our executives to manage our business to meet and appropriately balance our short- and long-term objectives.

Role of the Compensation Consultant

In carrying out its responsibilities and as permitted by its charter, the compensation committee has engaged a compensation consultant employed by Towers Watson (formerly Watson Wyatt), a nationally recognized

compensation consulting firm, to assist us in analyzing competitive executive compensation levels and evaluating and implementing our compensation program. Our compensation consultant has not been engaged by management to perform any work on behalf of management during 2009. The compensation committee considers our compensation consultant to be independent.

During 2009, our compensation consultant met with both management (at the request of the compensation committee to act as a liaison or prepare information) and the compensation committee jointly as well as individually and provided advice and recommendations regarding our Short and Long Term Incentive Compensation Plans for our employees, including our named executive officers. Our compensation consultant also provided our compensation committee input on our director compensation program as well as competitive market compensation data and recommendations for pay levels for each component of our executive compensation program.

Our compensation consultant also provided advice and recommendations surrounding our awards to both our named executive officers and our employee base as a whole. The compensation consultant attends compensation committee meetings as appropriate and consults with our compensation committee Chairman, and our Director of Human Resources, our Chief Executive Officer, and senior management team (as directed by the Compensation Committee) on compensation related issues.

We anticipate that our compensation consultant will have a similar role in 2010.

Market Reference Data

During 2009 our compensation consultant provided competitive market compensation data from proxy statements and Form 4 filings from a peer group of 13 publicly-traded REITS with a substantial office portfolio recommended by our compensation consultant. The peer group consisted of the following companies:

- Brandywine Realty Trust
- Brookfield Properties
- Corporate Office Properties Trust
- Cousins Properties Incorporated
- Douglas Emmett, Inc.
- Duke Realty Corporation
- Highwoods Properties, Inc.
- Kilroy Realty Corporation
- Liberty Property Trust
- Mack-Cali Realty Corporation
- Maguire Properties, Inc
- Parkway Properties
- SL Green Realty Corp

For 2009, the compensation committee approved including Brookfield Properties, Liberty Property Trust, and Parkway Properties, and eliminating Lexington Corporate Properties. All other companies are consistent with 2008. Based on an analysis comparing Piedmont to the peer group set forth above, Piedmont ranked at the 63rd and 88th percentile based on total capitalization and 2009 estimated Funds from Operations per share growth, respectively, with a higher percentile rank representing larger relative size and better relative performance.

In general, the peer group data serves as the primary market data point for our Chief Executive Officer and Chief Financial Officer's compensation based on positional match. Because sufficient position matches were not available for the Executive Vice Presidents and Chief Accounting Officer, these positions were matched to the peer group data based on highest paid ranking, which generally reflects organizational hierarchy, and to position matches according to the National Association of Real Estate Investment Trust ("NAREIT") compensation survey data based on the most recent survey available at the time the data was presented to the compensation committee.

Our compensation committee considers peer data as one factor in making decisions about our named executive officers' compensation. The compensation committee also considers other factors such as each executive officer's experience, scope of responsibilities, performance and prospects; internal equity in relation to other executive officers with similar levels of experience, scope of responsibilities, performance, and prospects; and individual performance of each named executive officer during their tenure with Piedmont. In general it is our objective to target our executive officers total direct compensation, which we define as base salary, short-term cash incentive compensation and long-term equity compensation, to the median of the peer group; however, in determining

executive officer pay levels, we take into consideration each NEO's individual tenure and overall experience in their respective roles.

On average across the group of our named executive officers, our total direct compensation paid (based on 2009 base salary and 2008 Short Term Incentive Compensation ("STIC") and Long Term Incentive Compensation ("LTIC") payments which were the most recent available as of the date of the analysis) was at the 21st percentile relative to the peers on an absolute basis and at the 20th percentile when measured as a percentage of total capitalization. Our compensation committee also noted that executives within the peer group in some cases receive significant value in "other" compensation which can include items such as the value of perquisites, supplemental retirement benefits, dividends paid on unvested restricted shares, and other special one-time payments. As we have not historically paid any such items, other compensation was not included in the peer comparison noted above.

Role of Executive Officers in Compensation Decisions

Our Chief Executive Officer annually reviews the performance of each of the other named executive officers. He also considers the recommendations of the compensation consultant as well as the recommendations of our Chief Financial Officer with regard to the performance of our Chief Accounting Officer. Based on this review and input, he makes compensation recommendations to the compensation committee for all executive officers other than himself, including recommendations for performance targets, base salary adjustments, the discretionary components of our short-term cash incentive compensation, and long-term equity-based incentive awards. The compensation committee considers these recommendations along with data and input provided by its other advisors. The compensation committee retains full discretion to set all compensation for the executive officers.

Summary of Employment Agreements with our Named Executive Officers

We are currently party to employment agreements with each of our named executive officers. These agreements were put in place in 2007 and renewed during 2009 with no changes. Base salaries and target short-term cash incentive compensation (expressed as a percentage of their base salary) for the named executive officers for 2009 were as follows:

<u>Name and Position</u>	<u>Annual Base Salary</u>	<u>Annual Short-Term Cash Incentive Compensation as a % of Base Salary</u>		
		<u>Threshold</u>	<u>Target</u>	<u>Maximum</u>
Donald A. Miller, CFA Chief Executive Officer	\$624,000	50%	100%	175%
Robert E. Bowers Chief Financial Officer	\$410,000	40%	80%	120%
Laura P. Moon SVP and Chief Accounting Officer	\$209,000	25%	50%	75%
Raymond L. Owens EVP—Capital Markets	\$235,000	35%	70%	105%
Carroll A. Reddic, IV EVP—Real Estate Operations	\$237,500	35%	70%	105%

Term. The Chief Executive Officer's employment agreement was effective February 2, 2007 and the other named executive officer employment agreements were effective April 16, 2007. The initial employment periods ended on December 31, 2009 and were automatically extended for one year. The agreements will continue to renew for successive one-year periods, unless either party gives 90 days written notice prior to the end of the renewal term or his or her employment otherwise terminates in accordance with the terms of the agreement.

Forfeitures. If we are required to prepare an accounting restatement due to our material noncompliance, as a result of misconduct, with any financial reporting requirement under the securities laws, Messrs. Miller and Bowers and

Ms. Moon's agreements contain provisions that provide for the executives to reimburse us, to the extent required by Section 304 of the Sarbanes-Oxley Act of 2002, for any bonus or other incentive-based or equity-based compensation received by the executives from us during the 12-month period following the first public issuance or filing with the SEC (whichever occurs first) of the financial document embodying such financial reporting requirement. In addition, each executive will reimburse us for any profits realized from the sale of our securities during that 12-month period.

Benefits. All of our named executive officers participate in the health and welfare benefit programs, including medical, dental and vision care coverage, disability, long-term care and life insurance, and our 401(k) plan that are generally available to the rest of our employees. We do not have any special benefits or retirement plans for our named executive officers other than an annual physical for our Chief Executive Officer.

Severance. Each of our named executive officers is entitled to receive severance payments under certain circumstances in the event that their employment is terminated. These circumstances and payments are described below under "Potential Payments Upon Termination or Change of Control." Our compensation committee believes that the negotiation of these severance payments was an important factor in attracting the named executive officers to join us in 2007.

Elements of 2009 Executive Compensation

The following is a discussion of the base salary, short-term cash incentive compensation and long-term equity compensation that we paid to the named executive officers for 2009.

Base Salary. Our compensation committee believes that payment of a competitive base salary is a necessary element of any compensation program that is designed to attract and retain talented and qualified executives. The goal of our base salary program is to provide salaries at a level that allows us to attract and retain qualified executives while preserving significant flexibility to recognize and reward individual performance with other elements of the overall compensation program. Base salary levels also affect the short-term cash incentive compensation because each named executive officer's target opportunity is expressed as a percentage of base salary. The following items are generally considered by the compensation committee when determining base salary annual increases, however no particular weight is assigned to an individual item:

- market data provided by the compensation consultant;
- comparability to compensation practices of other office REITs of similar size;
- our financial resources;
- the executive officer's experience, scope of responsibilities, performance and prospects;
- internal equity in relation to other executive officers with similar levels of experience, scope of responsibilities, performance, and prospects;
- individual performance of each named executive officer during the preceding calendar year.

For 2009, management recommended and the compensation committee accepted a pay freeze for our named executive officers based on current market conditions and pressure on commercial real estate rents and valuations in general.

In addition to an annual base salary review, the compensation committee may also consider a base salary review upon a promotion or other change in job responsibility; however no such adjustments were made during 2009.

Short-Term Cash Incentive Compensation Plan. The employment agreements described above provide for target bonuses for each of the named executive officers as a percentage of such named executive officer's annual base salary. Under our Short-Term Incentive Compensation Plan (the "STIC Plan"), the actual bonuses earned under these employment agreements may be increased or decreased based on performance against performance objectives set by the compensation committee at the beginning of each year.

Under the 2009 STIC Plan, there were four measures considered. Three of the measures were based on specific corporate metrics measured on a quantitative basis and the fourth measure, Board Discretion, is considered on a qualitative basis. The maximum performance goals are the same for all of our NEOs with the exception of our Chief Executive Officer for whom our compensation committee established higher maximum performance goals for each measure to provide additional incentive to our CEO to lead our company to its highest performance. The following table sets forth the actual performance as compared to the minimum, target, and maximum goals for the three quantitative performance metrics set by the compensation committee for each NEOs and the weighting assigned to each measure for the 2009 STIC Plan:

Measure	Goal			Actual Performance	Weight
	Threshold	Target	Maximum		
Adjusted Net Income	\$ 245.1	\$ 272.3	\$ 299.6 ⁽¹⁾	\$ 272.4	x 25%
FFO Growth Relative to Peer Group	(25.2)%	(15.2)%	(5.2)% ⁽¹⁾	(6.1)%	x 25%
Weighted Average Committed Capital Per Sq. Foot	\$ 4.20	\$ 3.82	\$ 3.44 ⁽¹⁾	\$ 3.35	x 20%
Board Discretion	Qualitative	Qualitative	Qualitative	Qualitative	x 30%
Total					100%

⁽¹⁾ The Maximum goals for our Chief Executive Officer for 2009 were: \$313.2 million for the Adjusted Net Income metric; (.2%) % for the FFO Growth Relative to Peer Group metric; and \$3.25 for the Weighted Average Committed Capital Per Sq. Foot metric.

Adjusted Net Income ("ANI") is an internally defined performance metric derived from our annual budget which mirrors the calculation of the widely recognized Funds From Operations ("FFO") metric that is used in the real estate industry, with the exception that certain non-recurring items such as lease termination income and expense and impairment charges are either removed or matched to occur in the same period regardless of when such items would be recognized in an FFO calculation.

FFO growth relative to the peer group set forth above is considered important because a company's ability to grow FFO from year to year is one indicator of the multiple that will be assigned to our company when an equity analyst values our company's securities. The definition of FFO used for purposes of this metric excludes impairment charges. The target performance level for this metric was equal to the median of the peer group.

Weighted Average Committed Capital per Square Foot measures the future capital outlays that our management team has committed to in order to execute leases during the current year. This metric serves as a cross-check to ensure that management does not trade long-term capital expenditures to procure short-term growth in FFO. The target performance level for this metric is based on goals for commitments that are market specific and the weighted average performance goal is a function of the level of actual leasing activity in the respective markets.

The Board Discretion component is considered important as it allows the Board of Directors to appropriately reward aspects of the management team's performance that may not be captured through the use of the quantitative metrics.

In general, the compensation committee established targets for the above metrics that were considered achievable, but not without above average performance.

In February 2010, company and individual performance for the 2009 service period was assessed in accordance with the terms of the 2009 STIC Plan by the compensation committee and awards to each of the named executive officers were made as follows:

Name	2009 Target Bonus (S)	2009 Actual Bonus (S)
Mr. Miller	624,000	607,339
Mr. Bowers	328,000	311,764
Ms. Moon	104,500	99,327
Mr. Owens	164,500	156,357
Mr. Reddic	166,250	158,021

The Committee determined each executive's actual award set forth above based on actual performance for the three performance metrics under the 2009 STIC Plan as shown in the table above with the exception of the FFO growth relative to a peer group. For the relative FFO growth component, the committee determined that even though we outperformed the majority of the companies in our peer group's FFO growth, actual FFO growth for Piedmont was still negative; therefore, the committee determined to limit the payout allocated to the relative FFO growth component at target for 2009. For the Board Discretion component, the committee determined that payout should be made at 50% of target after considering current market conditions and pressure on commercial real estate rents and valuations in general. The Committee further determined that the calculated payout for each of the NEOs was appropriate after considering each NEO's performance review by the CEO and the Committee's subjective assessment of their individual contributions to Piedmont during 2009.

Long-Term Incentive Compensation Plan. The objective of our Long-Term Incentive Compensation Plan ("LTIC Plan") is to attract and retain qualified personnel by offering an equity-based program that is competitive with our peer companies and that is designed to encourage each of our named executive officers, as well as our broader employee base, to balance long-term company performance with short-term company goals and to foster employee retention.

2007 Omnibus Incentive Plan. During 2007, our stockholders approved, and our board of directors subsequently adopted, the 2007 Omnibus Incentive Plan. The plan was designed in consultation with our compensation consultant and is intended to provide us with the flexibility to offer performance-based compensation, including stock and cash-based incentive awards, as part of an overall compensation package to attract, motivate, and retain qualified personnel. Officers, employees, non-employee directors, and consultants of ours and our subsidiaries are eligible to be granted cash awards, stock options, stock appreciation rights, restricted stock, deferred stock awards, other stock-based awards, dividend equivalent rights, and performance-based awards under the plan at the discretion of our compensation committee.

The compensation committee considered that, as a REIT, the grant of restricted stock awards is appropriate because our high dividend distribution requirements lead to a significant portion of our total stockholder return being delivered through our dividends. In addition, during 2009 our stock was not traded on a national or over-the-counter exchange so daily valuations necessary to administer option plans are not available. In the future, we anticipate that any additional awards granted will continue to be in the form of restricted stock although we may consider other equity and cash-based programs to the extent they more effectively meet our program objectives and provide more favorable tax treatment to us or the individual employee. We feel that appropriately designed equity awards, particularly those with future vesting provisions, align our employees' interests with our own interests and those of our stockholders, thereby motivating their efforts on our behalf and strengthening their desire to remain with us.

Grants in 2009. On May 6, 2009 the compensation committee granted equity awards pursuant to our LTIC Plan. Awards were in the form of restricted stock and were granted in accordance with the terms of the 2007 Omnibus Incentive Plan described above. Of the awards granted, 25% vests immediately, while the remaining 75% vests ratably over the next three years on the grant anniversary date. For information on the number of shares of restricted stock granted to each of the named executive officers during 2009, see "Grants of Plan Based Awards" below.

The compensation committee had previously established five performance measures for 2008 to be considered in determining the 2009 grant. While such measures establish a framework to evaluate the Company's performance, the pool of shares granted is established on the grant date given the compensation committee's discretion in determining the total pool irrespective of actual performance. The following table sets forth the target goals for the three quantitative measures and weights assigned to each measure as well as the actual results for each performance measure:

Measure	Actual	Goal			Weight
		Minimum	Target	Maximum	
Adjusted Net Income	\$ 285.6	\$ 252.5	\$ 280.6	\$ 308.7	x 20%
Annual Comparison to NCREIF Office sub-index	(7.94)%	(12.29)% ⁽³⁾	(7.29)% ⁽¹⁾	(2.29)% ⁽²⁾	x 20%
Return on Invested Capital	7.83%	5.10%	7.6%	10.10%	x 20%
Performance Against Stated Liquidity Objectives	See discussion below	Qualitative	Qualitative	Qualitative	x 20%
Board Discretion	See discussion below	Qualitative	Qualitative	Qualitative	x 20%
Total					100%

⁽¹⁾ Represents the NCREIF Office Sub-Index return for the year ended December 31, 2008

⁽²⁾ Based on outperforming the NCREIF Office Sub-Index return (targeted return) by 5%.

⁽³⁾ Based on underperforming the NCREIF Office Sub-Index return (targeted return) by 5%.

Adjusted Net Income (“ANI”) is an internally defined performance metric derived from Piedmont’s annual budget which mirrors the calculation of the widely recognized Funds From Operations (“FFO”) metric that is used in the real estate industry with the exception that certain non-recurring items such as lease termination income and expense and impairment charges are either removed or matched to occur in the same period regardless of when such items would be recognized in an FFO calculation.

The Annual Comparison to the National Council of Real Estate Investment Fiduciaries (“NCREIF”) Office sub-index is important because it compares our company’s annual dividend income as well as appreciation or depreciation of our underlying assets (as measured by comparing our Net Asset Value at December 31, 2008 to our Net Asset Value at December 31, 2007) to that of a broader private office market index. Target performance was defined as delivering a return equal to that of the index.

Return on Invested Capital (defined as Earnings Before Interest and Depreciation as a percentage of our gross assets) compares our return with a target that approximates our weighted average cost of capital and is considered important because it measures how efficiently we deploy the capital that we have raised.

In general, the targets that the compensation committee established for the above quantitative metrics were considered achievable, but not without above average performance. For example, Adjusted Net Income is highly dependent on the achievement of certain leasing goals and the close management of operating and interest expense. The annual comparison to NCREIF office sub-index target is objectively determined based on the performance of the broader office market and the Return on Invested Capital target is objectively determined by calculating our overall weighted average cost of capital.

Our Performance Against Stated Liquidity Objectives included specific goals such as continuing to internalize additional functions previously performed by our former advisor, increasing the percentage of our properties in certain concentration markets and pursuing certain investment and capital raising strategies that the Board of Directors deemed important to our overall short and long-term liquidity objectives. The compensation committee subjectively determined that the management team had met approximately 2/3 of these goals during the year ended December 31, 2008.

The Board Discretion component allows the compensation committee to appropriately recognize aspects of the management team’s performance that may not be captured through the use of the quantitative metrics.

As noted above, the metrics established in 2008 represented a framework for consideration in determining the annual grant. For the 2009 grant, the compensation committee reduced the total calculated pool for each officer by 15% primarily to reflect the 15% reduction in the Company’s net asset value from December 31, 2007 to December 31, 2008.

The targeted number of shares that each NEO is eligible to earn under the LTIC were determined in 2009 based on recommendations from our compensation consultant regarding comparability with awards to officers of our peer group of office REITs as well as taking into consideration each officer's salary and experience level. The actual number of shares that each individual NEO earned was determined by increasing or decreasing the targeted number of shares established by our compensation committee based on actual performance against the performance measures included in the LTIC Plan as set forth above based on pre-established increments for each measure. For the number of stock awards granted, see the "Grants of Plan Based Awards" table below. The compensation committee believes these awards promote a performance-focused culture by rewarding employees based upon achievement of company and individual performance, but also motivate our employees to remain with us for an extended period of time as, although the magnitude of the award is performance based, the employee must satisfy additional tenure requirements for the entire award to vest.

2009 LTIC Plan. The LTIC Plan for 2009 provided for the following four performance measures to be considered with the noted target goals for the three quantitative measures and weights assigned to each measure:

<u>Measure</u>	<u>Goal</u>			<u>Weight</u>
	<u>Minimum</u>	<u>Target</u>	<u>Maximum</u>	
Adjusted Net Income Target	\$ 245.1	\$ 272.3	\$ 299.6	x 25%
Annual Comparison to NCREIF Office sub-index	Underperform Target by five percentage points	Match the return of the sub- index (-19.1%)	Outperform Target by five percentage points	x 25%
Return on Invested Capital	5.10%	7.6%	10.10%	x 20%
Board Discretion	Qualitative	Qualitative	Qualitative	x 30%
				100%

The threshold, target, and maximum dollar value of the restricted stock awards that each of our named executive officers may earn is set forth in the "Grants of Plan Based Awards" table below.

Upon the collection of all data which factors into the performance measures set forth above, the actual overall pool of shares available to be awarded for 2009 performance will be calculated based on actual performance against the measures above. Individual awards to each of the named executive officers will ultimately be determined by the compensation committee in May 2010.

The Impact of Regulatory Requirements on Compensation

Section 162(m) of the Code limits to \$1 million a publicly held company's tax deduction each year for compensation to any "covered employee," except for certain qualifying "performance-based compensation." As long as we qualify as a REIT, we do not pay taxes at the corporate level. As such, we believe any loss of deductibility of compensation does not have a significant adverse impact on us.

To the extent that any part of our compensation expense does not qualify for deduction under Section 162(m), a larger portion of stockholder distributions may be subject to federal income tax as ordinary income rather than return of capital, and any such compensation allocated to our taxable REIT subsidiary whose income is subject to federal income tax would result in an increase in income taxes due to the inability to deduct such compensation.

Although we and the compensation committee will be mindful of the limits imposed by Section 162(m), even if it is determined that Section 162(m) applies or may apply to certain compensation packages, we nevertheless reserve the right to structure compensation packages and awards in a manner that may exceed the limitation on deduction imposed by Section 162(m).

2009 Executive Compensation Tables

The following table sets forth information concerning the compensation earned during the fiscal years ended December 31, 2009 and 2008 and during the fiscal year 2007 from their respective employment dates by our named executive officers:

⁽²⁾ Represents payments made in February 2010 under our STIC Plan for the service year ended December 31, 2009.

Pursuant to SEC rules the values are not reduced by an estimate for the probability of forfeiture. As our stock was not traded during 2009, 2008, or 2007, we estimated the fair value of the 2009, 2008, and 2007 awards on their respective grant dates based on an assumed share price of \$30, \$26.10, and \$22.20 per share, respectively, reduced by the present value of dividends expected to be paid on the unvested portion of the shares discounted at the appropriate risk-free interest rate.

⁽⁴⁾ All other compensation for 2009 was comprised of the following:

Plan-Based Awards

The table below sets forth the threshold, target, and maximum awards that each of our named executive officers was eligible to earn for fiscal 2009 under the terms of the 2009 STIC and LTIC Plans as well as shares that were granted in 2009 pursuant to the terms of our 2008 LTIC Plan.

We estimated the fair value of the May 6, 2009 awards on the date of grant based on an assumed share price of \$22.20 per share, which was the most recent net asset value of our common stock at the time of grant, reduced by the present value of dividends expected to be paid on the unvested portion of the shares discounted at the appropriate risk-free interest rate.

- (3) Threshold and Maximum amounts presented do not include any possible future payouts under the LTIC Plan for the Board Discretion component which must be assessed qualitatively as no threshold or maximum has been established for that component.
- (4) Represents grants in 2009 for the 2008 LTIC Plan. Such awards were determined based on an assumed grant date fair value of \$22.20 per share which was equivalent to the December 31, 2009 net asset valuation per share, which was the most recent estimated value of the shares available at the time.

Outstanding Equity Awards at Fiscal Year-End

The following table provides information regarding unvested stock awards held by our named executive officers as of December 31, 2009. All stock awards were granted under the 2007 Omnibus Incentive Plan and vest 25% immediately upon grant with the remaining 75% vesting 25% per year on the anniversary of the grant date. No options to purchase shares of our common stock have ever been awarded or granted to our named executive officers.

- (1) As our common stock was not traded as of December 31, 2009, no market value of our stock is available as of fiscal year end 2009. As such, we estimated the market value of shares of stock that have not vested based on an assumed share price on December 31, 2009 equal to \$14.50 per share which was the price at which shares were offered in conjunction with our offering of 12,000,000 shares of common stock in February 2010.

Stock Vested

The following table provides information regarding stock awards made to our named executive officers in 2009 or previous years that vested during the year ended December 31, 2009. No options to purchase shares of our common stock have ever been awarded or granted to our named executive officers. In addition all of our named executive officers have entered into lockup agreements with our underwriters not to sell or otherwise dispose of any of their shares except forfeitures of shares to satisfy income tax withholdings as allowed under the 2007 Omnibus Incentive Plan, including shares acquired upon vesting, until January 30, 2011.

STOCKS VESTED FOR 2009

Name	Stock Awards	
	Number of Shares Acquired On Vesting (#)	Value Realized on Vesting (\$) ⁽¹⁾

Raymond L. Owens	9,784	217,196
Carroll A. Reddic, IV	6,225	138,199

⁽¹⁾ As our common stock was not traded during 2009, no market value of our stock is available as of the vesting date. As such, we estimated the value realized on vesting based on an assumed share price equal to \$22.20 per share which was the most recent net asset value of our common stock available as of each of the respective vesting dates during 2009.

Potential Payments upon Termination or Change of Control

The employment agreements with our named executive officers provide that upon termination of employment either by us without “cause” or by the executive for “good reason” (each as generally defined below), the executive will be entitled to the following severance payments and benefits:

- With respect to Messrs. Miller and Bowers:
 - Any unpaid annual salary that has accrued, payment for unused vacation, any earned but unpaid annual bonus for the previous year, unreimbursed expenses, and any rights granted the executive pursuant to our 2007 Omnibus Incentive Plan (all of which we collectively refer to as “Accrued Benefits”);
 - a pro-rated annual bonus for the then-current year, and upon execution of a release of any claims by the executive, an amount equal to two times the sum of (1) his annual salary then in effect, and (2) the average of his annual bonus for the three years prior to the year of termination; and
 - two years of continuing medical benefits for the executive and the executive’s spouse and eligible dependents.
- With respect to Mr. Reddic, Mr. Owens, and Ms. Moon:
 - any Accrued Benefits;
 - a pro-rated annual bonus for the then-current year, and upon execution of a release of any claims by the executive, an amount equal to the sum of (1) the executive’s annual salary then in effect, and (2) the average of the executive’s annual bonus for the three years prior to the year of termination; and
 - one year of continuing medical benefits for the executive and the executive’s spouse and eligible dependents.

Pursuant to the employment agreements, “cause” means any of the following:

- any material act or material omission by the executive which constitutes intentional misconduct in connection with the our business or relating to the executive’s duties or a willful violation of law in connection with our or relating to the executive’s duties;
- an act of fraud, conversion, misappropriation or embezzlement by the executive of our assets or business or assets in our possession or control;
- conviction of, indictment for or entering a guilty plea or plea of no contest with respect to a felony, or any crime involving any moral turpitude with respect to which imprisonment is a common punishment;
- any act of dishonesty committed by the executive in connection with our business or relating to the executive’s duties;
- the willful neglect of material duties of the executive or gross misconduct by the executive;
- the use of illegal drugs or excessive use of alcohol to the extent that any of such uses, in the board of directors’ good faith determination, materially interferes with the performance of the executive’s duties;
- any other failure (other than any failure resulting from incapacity due to physical or mental illness) by the executive to perform his material and reasonable duties and responsibilities as an employee, director or consultant; or
- any breach of the affirmative covenants made by the executive under the agreement; any of which continues without cure, if curable, reasonably satisfactory to the board of directors within ten days following written notice from us (except in the case of a willful failure to perform his or her duties or a willful breach, which shall require no notice or allow no such cure right).

Subject to certain cure rights available to us, “good reason” shall be present where the executive gives notice to the board of directors of his or her voluntary resignation following either:

- our failure to pay or cause to be paid the executive’s base salary or annual bonus when due;
- a material diminution in the executive’s status, including, title, position, duties, authority or responsibility;
- a material adverse change in the criteria to be applied with respect to the executive’s target annual bonus for fiscal year 2009 and subsequent fiscal years as compared to the prior fiscal year (unless Executive has consented to such criteria) ;
- the relocation of our executive offices to a location outside of the Atlanta, Georgia metropolitan area without the consent of the executive;
- our failure to provide the executive with awards under the 2007 Omnibus Incentive Plan that are reasonably and generally comparable to awards granted to our other executive officers under the plan;
- the occurrence of a change of control of the company; or
- solely with respect to Mr. Miller, the failure of the board of directors (or its Nominating and Corporate Governance Committee) to nominate Mr. Miller to the board of directors.

If we notify the executive that we are not renewing the initial term of the employment agreement, or any renewal term, and the executive’s employment thereafter terminates as a result of the expiration of the term, the executive is entitled to receive the following severance payments and benefits:

- With respect to Mr. Miller and Mr. Bowers:
 - Any Accrued Benefits;

-
- a pro-rated annual bonus for the then-current year, and upon execution of a release of any claims by him, an amount equal to two times the sum of (1) his annual salary, and (2) the average of his annual bonus for the three years prior to the year of termination; and
 - one year of continuing medical benefits for the executive and the executive's spouse and eligible dependents.
 - With respect to Mr. Reddic, Mr. Owens, and Ms. Moon, the same payments and benefits that would be payable upon a termination by us without "cause" or by the executive with "good reason".

If the executive notifies us that he or she is not renewing the initial term of the employment agreement, or any renewal term, he or she is not entitled to receive any severance pay or benefits. If he or she continues to be employed by us after either of us give 90 days prior written notice of non-renewal, his or her employment will be "at-will," and the agreement will terminate, except for certain surviving provisions.

If the executive's employment terminates upon his or her death or "disability" (which is defined in the agreements to mean physical or mental incapacity whereby the executive is unable with or without reasonable accommodation for a period of six consecutive months or for an aggregate of nine months in any twenty-four consecutive month period to perform the essential functions of the executive's duties) the following will occur:

- With respect to Mr. Miller and Mr. Bowers:
 - his estate or legal representative is entitled to receive any Accrued Benefits and a pro-rated annual bonus for the then-current year;
 - any grants made to the executive that are subject to a time-based vesting condition shall become vested;
 - his estate or legal representative, upon execution of a release, is entitled to an amount equal to two times the sum of (1) his annual salary then in effect and (2) the average of his annual bonus for the three years prior to the year of termination; and
 - one year of continuing medical benefits for the executive and/or the executive's spouse and eligible dependents.
- With respect to Mr. Reddic, Mr. Owens and Ms. Moon:
 - his or her estate or legal representative is entitled to receive any Accrued Benefits and a pro-rated annual bonus for the then-current year;
 - any grants made to the executive that are subject to a time-based vesting condition shall become vested;
 - his or her estate or legal representative, upon execution of a release, is entitled to an amount equal to the sum of (1) the executive's annual salary then in effect and (2) the average of the executive's annual bonus for the three years prior to the year of termination; and
 - one year of continuing medical benefits for the executive and/or the executive's spouse and eligible dependents.

Under the employment agreements, if an executive resigns without good reason (which includes retirement), or if we terminate an executive for cause, then such executive is only entitled to receive his or her Accrued Benefits.

In the event of a termination of employment resulting from a change of control event, the employment agreement with each of our named executive officers provides that such termination will be deemed a termination by the executive for "good reason," and any previously issued equity grants subject to time-based vesting conditions will immediately become vested.

The following table summarizes the potential cash payments and estimated equivalent cash value of benefits generally owed to the named executive officers under the terms of their employment agreements described above

upon termination of those agreements under various scenarios, assuming the event occurred on December 31, 2009. In determining the value of restricted stock awards that would vest on a triggering event, we estimated the market value of shares of stock that have not vested based on an assumed share price on December 31, 2009 equal to \$14.50 per share which was the price at which shares were offered in conjunction with our offering of 12,000,000 shares of common stock in February 2010:

Compensation of Directors

We pay our non-employee directors a combination of cash and equity compensation for serving on the board of directors.

Cash Compensation

As compensation for serving on board of directors, we pay each of our independent directors an annual retainer of \$35,000 and we pay our chairman of the board an additional \$65,000 annually. We also pay annual retainers to our committee chairmen in the following amounts:

- \$10,000 to the chairman of the audit committee;
- \$7,500 to the chairman of the compensation committee; and
- \$5,000 to the chairman of each of our other committees.

In addition, we pay our independent directors for attending board and committee meetings as follows:

- \$1,500 per regularly scheduled board meeting attended;
- \$750 per special board meeting attended; and
- \$1,500 per committee meeting attended (except that members of the Audit committee will be paid \$2,500 per meeting attended for each of the four meetings necessary to review our quarterly and annual financial statements).

All directors receive reimbursement of reasonable out-of-pocket expenses incurred in connection with attendance at meetings of the board of directors. We do not provide any perquisites to our directors.

Annual Independent Director Equity Awards

On April 26, 2009, the board of directors approved an annual equity award pursuant to the 2007 Omnibus Incentive Plan for each of the independent directors of \$42,500 payable in the form of 1,914 shares of our common stock with an estimated value of \$22.20 per share for the 2009 award. The annual equity awards were determined based on the advice and recommendation of our compensation consultant considering comparable awards granted to directors of our peer companies as set forth above and were reduced by 15% from previous years primarily to reflect the 15% reduction in our net asset value from 2007 to 2008.

The following table sets forth information regarding the compensation that we paid to our directors during the year ended December 31, 2009. Mr. Miller did not receive any additional compensation for his service as director in 2009.

EQUITY COMPENSATION PLAN INFORMATION

Prior to the adoption of the 2007 Omnibus Incentive Plan, we were subject to the 2000 Independent Director Stock Option Plan (the "Director Option Plan"). Effective April 16, 2007, our board of directors suspended the Director Option Plan. Outstanding awards continued to be governed by the terms of the Director Option Plan; however, all awards made subsequent to April 16, 2007 were made under the 2007 Omnibus Incentive Plan. The following table summarizes outstanding director options and shares remaining for future issuance under the 2007 Omnibus Incentive Plan as of December 31, 2009:

Based on the review and the discussions with management, the compensation committee recommended to the board of directors that the CD&A be included in this Annual Report on Form 10-K.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Review, Approval or Ratification of Transactions with Related Persons

Our Code of Ethics, which is posted on our Web site at www.piedmontreit.com, prohibits directors and executive officers from engaging in transactions that may result in a conflict of interest with us. Our audit and nominating and corporate committees review any transaction a director or executive officer proposes to have with us that could give rise to a conflict of interest or the appearance of a conflict of interest, including any transaction that would require disclosure under Item 404(a) of Regulation S-K. In conducting this review, these committees ensure that all such transactions are approved by a majority of the board of directors (including a majority of independent directors) not otherwise interested in the transaction and are fair and reasonable to us and on terms not less favorable to us than those available from unaffiliated third parties. No transaction has been entered into with any director or executive officer that does not comply with those policies and procedures. There were no transactions in 2009 that would require disclosure under 404(a).

Director Independence

The NYSE requires each NYSE-listed company to have a majority of independent board members and a nominating/corporate governance committee, compensation committee and audit committee each comprised solely of independent directors. Our board of directors has adopted the NYSE independence standards as part of its corporate governance guidelines, which can be accessed on our website at <http://www.piedmontreit.com> under the heading "Corporate Governance." This document is also available in print to any stockholder who sends a written request to that effect to the attention of Robert E. Bowers, Secretary, Piedmont Office Realty Trust, 11695 Johns Creek Parkway, Suite 350, Johns Creek, Georgia 30097.

In accordance with NYSE rules, the board of directors affirmatively determined that each of the following directors is independent within the meaning of the NYSE's director independence standards, as then in effect:

Michael R. Buchanan
Wesley E. Cantrell
William H. Keogler, Jr.
Frank C. McDowell
Donald S. Moss
Jeffrey L. Swope
W. Wayne Woody

The persons listed above include all of our current directors, other than Mr. Donald A. Miller, our President and Chief Executive Officer.

The board of directors has also determined that each of the current members of our Audit, Compensation, and Nominating and Corporate Governance Committees is independent within the meaning the NYSE's director independence standards applicable to members of such committees. Additionally, our Audit Committee members satisfy the enhanced independence standards set forth in Rule 10A-3(b)(1)(i) under the Exchange Act and NYSE listing standards.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Engagement of Ernst & Young LLP

On May 13, 2009, the Audit committee engaged Ernst & Young as our independent auditors to audit our financial statements for the year ended December 31, 2009. The Audit committee reserves the right, however, to select new auditors at any time in the future in its discretion if it deems such decision to be in the best interests of our company and its stockholders. Any such decision would be disclosed to the stockholders in accordance with applicable securities laws.

Pre-Approval Policies

The Audit committee Charter imposes a duty on the audit committee to pre-approve all auditing services performed for us by our independent auditors, as well as all permitted non-audit services (including the fees and terms thereof) in order to ensure that the provision of such services does not impair the auditor's independence. Unless a type of

service to be provided by our independent auditors has received “general” pre-approval, it will require “specific” pre-approval by the Audit committee.

All requests or applications for services to be provided by our independent auditors that do not require specific pre-approval by the Audit committee will be submitted to management and must include a detailed description of the services to be rendered. Management will determine whether such services are included within the list of services that have received the general pre-approval of the Audit committee. The Audit committee will be informed on a timely basis of any such services rendered by our independent auditors.

Requests or applications to provide services that require specific pre-approval by the Audit committee will be submitted to the Audit committee by both our independent auditors and our chief financial officer, treasurer, or chief accounting officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC’s rules on auditor independence. The Chairman of the Audit committee has been delegated the authority to specifically pre-approve all services not covered by the general pre-approval guidelines, up to an amount not to exceed \$75,000 per occurrence. Amounts requiring pre-approval in excess of \$75,000 per occurrence require specific pre-approval by our audit committee prior to engagement of Ernst & Young, our current independent auditors. All amounts specifically pre-approved by the Chairman of the audit committee in accordance with this policy are to be disclosed to the full audit committee at the next regularly scheduled meeting.

Fees Paid to Principal Auditor

The audit committee reviewed the audit and non-audit services performed by Ernst & Young, as well as the fees charged by Ernst & Young for such services. In its review of the non-audit service fees, the audit committee considered whether the provision of such services is compatible with maintaining the independence of Ernst & Young. The aggregate fees billed to us for professional accounting services provided by Ernst & Young, including the audits of our annual financial statements, for the years ended December 31, 2009 and 2008, respectively, are set forth in the table below.

	2009	2008
Audit Fees	\$ 878,696	\$638,935
Audit-Related Fees	—	—
Tax Fees	293,399	312,697
All Other Fees	—	—
Total	<u>\$1,172,095</u>	<u>\$951,632</u>

For purposes of the preceding table, the professional fees are classified as follows:

- **Audit Fees**—These are fees for professional services performed for the audit of our annual financial statements and the required review of quarterly financial statements and other procedures to be performed by the independent auditors to be able to form an opinion on our consolidated financial statements. These fees also cover services that are normally provided by independent auditors in connection with statutory and regulatory filings or engagements, and services that generally only the independent auditor reasonably can provide, such as services associated with filing registration statements, periodic reports, and other filings with the SEC. The reason for the increase in audit fees from 2008 to 2009 was that 2009 included services provided in conjunction with the filing of our S-11 as well as fees related to compliance with Section 404 of the Sarbanes-Oxley Act before certain requirements of Section 404 were deferred to 2010 in late 2009 .
- **Audit-Related Fees**—These are fees for assurance and related services that traditionally are performed by independent auditors, such as due diligence related to acquisitions and dispositions, attestation services that are not required by statute or regulation, internal control reviews, non recurring agreed-upon procedures and other professional fees associated with transactional activity.
- **Tax Fees**—These are fees for all professional services performed by professional staff in our independent auditor’s tax division, except those services related to the audit of our financial statements. These include fees for tax compliance filings, tax planning, and tax advice, including federal, state, and

local issues. Services may also include assistance with tax notices, audits and appeals before the IRS and similar state and local agencies.

- All Other Fees—These are fees for other permissible work performed that do not meet the above-described categories, including assistance with internal audit plans and risk assessments.

For the year ended December 31, 2009, all services rendered by Ernst & Young were pre-approved by the audit committee in accordance with the policies and procedures described above.
